UNITECH
For Building and Construction Materials

Unitech provides building and construction solutions that empower the regions' construction industry for the past 40+ years. We have been successfully providing solutions through mastering our main business activities: Design, Manufacture and Trade.

Unitech is an ISO QMS 9001:2015 certified company and is a member of the US Green Building Council. Our experienced teams and operations are present across the Middle-East and North Africa regions (MENA), Asia, Europe, and North America; giving us an extensive regional network that benefits our clients and partners. Our design and engineering office in Germany (Stuttgart) works around the clock to meet market requirements and standards.

For more information, please visit: www.unitech-ikk.com

DESIGN

Provide Design & Engineering Solution to the construction sector, complying with international & local standards.

MANUFACTURE

Operating with Global Standards, we are widely recognized for our advanced light steel solutions and Hot-Dip Galvanization Facility.

TRADE

We are one of the region's largest Importer/Exporter of Building & Construction Materials.

VISION

To be the Customer's First Choice...

MISSION

We have the conviction to be the leader in building & construction industry through:

- Providing excellence in services with passionate & educated sales force
 - Strengthen culture through unified sense of purpose
 - Innovative product range which is customer centric
 - Reputable and quality service company
 - Attracting, engaging and retaining talent

NEXUS

Profiles

NEXUS is a part of UNITECH's wide range of product and is solely produced by "SFSP" Factories around the region.

Nexus offer comprehensive solutions for the construction industry ranging from Expansion Joint Covers and Fire Barriers to Entrance Matting Systems, Wall and Floor Profiles, Tactile Solutions, etc... NEXUS range of products is manufactured according to most common international standards to meet the requirements of commercial, residential, governmental, transportation, healthcare and educational projects.

In addition to its wide array of profiles and variety of finishes, NEXUS provides the technical expertise via its qualified and dedicated team of engineers and industry-experts in the fields. NEXUS range of products is manufactured from high quality raw material and designed to withstand high volume of traffic as well as extreme weather conditions.
